

Download Process Chemistry In The Pharmaceutical Industry

Structure. You can complete your Pharmaceutical Chemistry degree in three, four or five years. If you are a BSc student and choose to do a year in industry or study abroad, this will take place in Year 3, and the Year 3 modules will instead be studied in Year 4. This article was published in the May/June 2016 edition of Pharmaceutical Engineering® magazine. It is one of five articles nominated for the Roger F. Sherwood Article of the Year Award, all which will be posted to iSpeak throughout the week of 5 December.
